Summer Research and Graduate School Opportunities Fair

Wednesday, September 19, 2018
Barnes Hall Atrium - Department of Biology
10 am – 3 pm

Purpose of the MORE-STEM Fair is to:

Increase Summer Research Program Participation
- Expose undergraduate STEM majors to varied research off campus to help them gain hands-on experience and to develop a clearer understanding of what studying science entails.
- Identification of external summer research program opportunities.

Increase Graduate School Admissions
- Promote interest in research careers
- Strengthen the competitiveness of undergraduate students at North Carolina A&T State University interested in pursuing terminal degrees in STEM fields of study.

To register, please email John Patterson at jwpatter@ncat.edu or call (336) 285-4000
